

Press Release

The owners of older homes can be concerned about the potential for costly repairs. The key to avoiding them is vigilant maintenance from the roof to the downspouts. Sara Hobbs, of the Cleveland Restoration Society, will give an illustrated presentation on how to avoid problems with your older home. This free and open to the public presentation will be at the Elyria Police Department, 18 West Avenue on Wednesday, June 24, 2009 at 7:00 p.m.

Sara Hobbs, Associate Director of the Cleveland Restoration Society (www.clevelandrestoration.org), and a Field Representative for the National Trust for Historic Preservation, will offer many good tips for owners of homes older than 50 years. You'll learn how to find problems before they become costly and get useful information on how to make repairs and increase the energy efficiency of your home while preserving its architectural character.

This program is co-sponsored by the Elyria Landmarks Commission, the Lorain County Preservation Network, and the Cleveland Restoration Society.
