# City of Elyria, Ohio

# Consolidated Annual Performance and Evaluation Report for PY 2020

March 1, 2020 - February 28, 2021

Grant #B-20-MC-38-0015

Lead Agency: City of Elyria Office of Community Development

Contact Person: Ashley Scott, Director

Telephone: 440-326-1541

# **CR-05 - Goals and Outcomes**

Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

The City of Elyria is an Entitlement Community, which receives CDBG funding directly from HUD. The City's program years runs March 1st-February 28th. All funded activities are designated as priorities in the City's 2020-2024 Consolidated Plan. The City's top priorities in the Consolidated Plan include housing, community development and administration/planning. Other priorities include homelessness, economic development and other special needs. Specifically, in 2020 the City funded administration/planning, housing rehabilitation, code enforcement, public infrastructure improvements in target areas and public service activities. The City also conducted fair housing education and outreach through the disbursement of informational material and trainings. The City continues to work with social service agencies to address the needs of underserved populations. The City is supporting initiatives for low to moderate income housing through the Lorain Metropolitian Housing Authority, New Sunrise Properties/PIRHL Developers and by means of funding passed through Community Development such as CDBG, CHIP, NSP and CARES Act funding.

The City completed a substantial amendment to the 2019 AAP in 2020. The amendment shifted unexpended public service dollars to housing rehabilitation. Further, with the introduction of CARES ACT CDBG CV funding, additional amendments occurred that included the additional funds to respond to the COVID-19 pandemic.

The City anticipated \$30,000 in program income for the 2020 program year. A total of \$29,375 was receipted into IDIS. The difference between anticipated program income and actual program income received meets the \$25,000 recommended threshold set forth by HUD.

The CONPLAN report does not accurately reflect the goals and accomplishments. The City has manually adjusted the actual accomplishments on these tables to accurately reflect the documented beneficiaries. Please refer to the PRO3 report for a breakdown of accomplishments for each activity.

# Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)

Categories, priority levels, funding sources and amounts, outcomes/objectives, goal outcome indicators, units of measure, targets, actual outcomes/outputs, and percentage completed for each of the grantee's program year goals.

Table 1 - Accomplishments - Program Year & Strategic Plan to Date

Assess how the jurisdiction's use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan,

# giving special attention to the highest priority activities identified.

The over-riding objective and strategy in the Consolidated Plan is to address and assist low-moderate income individuals. The City allocated PY 2020 funds based on activities that benefit this targeted group. Public facility improvements were completed in low-moderate income areas as well as areas that have been designated as "blighted." The low-moderate income areas consist of populations that are over 51% low-moderate income. Housing rehabilitation through the City's home repair program provides low-moderate income residents with sanitary, safe and decent housing. Code enforcement efforts are conducted in areas that meet the low-moderate income criteria, are deteriorating and have additional efforts in progress to help arrest further decline. Public service activities were provided to social service agencies that primarily serve low-moderate income persons. The City also provided Fair Housing education, outreach and training.

The City received additional CDBG funds through the CARES Act. The activities were to prepare, prevent and/or rerspond to Covid-19. Public service activities including, but not limited to, food banks, technology and subsistence payments which further aligned with the startegic plan goal of providing needed public services. CDBG-CV funds were also set aside to assist business. At the end of the 2020 program year, no businesses were assisted, however applications are in line for review.

# CR-10 - Racial and Ethnic composition of families assisted

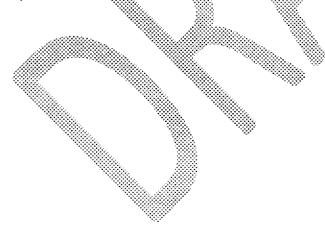

Describe the families assisted (including the racial and ethnic status of families assisted). 91.520(a)

|   | CDBG   |
|---|--------|
| White                                     | 641    |
| Black or African American                 | 447    |
| Asian                                     | 5      |
| American Indian or American Native        | //6    |
| Native Hawaiian or Other Pacific Islander | /////2 |
| Total                                     | 1,101  |
| Hispanic                                  | 28     |
| Not Hispanic                              | 1,073  |

Table 2 – Table of assistance to racial and ethnic populations by source of funds

# **Narrative**

The composition of persons served by CDBG funds in the 2020 program year is retrieved from a HUD performance reporting module. The actual composition levels, by activity, are indicated in the attached PR03 report.

# CR-15 - Resources and Investments 91.520(a)

# Identify the resources made available

| Source of Funds | Source           | Resources Made<br>Available | Amount Expended During Program Year |  |
|-----------------|------------------|-----------------------------|-------------------------------------|--|
| CDBG            | public - federal | 969,969                     | 787,809                             |  |
| Other           | public - federal | 691,693                     | 126,444                             |  |

Table 3 - Resources Made Available

# Narrative

The Resources Made Available table indicates Entitlement grants the City received in program year 2020. The CR-15 "Resources made available" cell appears to under report the funds made available for the 2020 program year. The actual amount of funds available for the program year total \$1,947,955. The total funds expended for the program year are \$914,253. This amount reflects PY2020 CDBG funds, prior year carryover, program income and CDBG-CV dollars.

In addition to the expended amount listed above, the City expended \$113,629 in Community Housing Impact & Preservation Program funds. The Community Housing Impact & Preservation Program passes through the State of Ohio and provides private owner rehabilitation to households at or below 80% of the AMI.

| Target Area      | Planne        | d Percentage o | f Actual | Percentage of | Narrative Description |
|------------------|---------------|----------------|----------|---------------|-----------------------|
|                  | ₩ <b>.</b> `\ | Allocation     | ∭ . ° A  | llocation     |                       |
| CDBG Target Area | **            | 10000000       | 45       |               |                       |
| City-wide        | 100           | <b>****</b>    | 55       |               |                       |

Table 4 – Identify the geographic distribution and location of investments

# **Narrative**

Geographic distribution of funding is shown by activity in the PR-03 report. The City budgeted funds for the 2020 program year for activities that occurred in targeted, LMI areas. The amount budgeted includes \$499,474 in 2020 funds and prior year carryover. A total of \$333,468 funds were expended in targeted areas. Public facility improvements and code enforcement activities were calculated in this total. There were additional public service activities in target areas, however, they served LMI persons city-wide, not only in the specific area.

Most of the City's programs are based on an individual applicant meeting the eligibility criteria through the Housing Rehabilitation and Public Service activities. Those persons benefitting are city-wide;

however, the public service activities are located in low-moderate income areas that principally serve persons residing in the area or within close proximity. The LMI areas are determined by the most recent census data. Public facility improvements were carried out in LMI census tracts as well as a designated slum & blight area that is also LMI. The percentages provided in the table for the target areas include the downtown district, census tract 708, South Park, census tract 714 and code enforcement in various LMI census tracts. The percentage listed under the City-wide category reflects activities that are determined on an individual rather than a target area basis.

# Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

Federal funds were leveraged in 2020 with additional resources to provide a larger impact on the community. Specifically, CDBG funds were utilized in the Community Housing Impact & Preservation program to assist with soft costs associated with owner rehabilitation. Further, CDBG funds were used for fair housing activities in the CHIP program. Community Development staff will attend local events and provide community outreach to affirmatively further fair housing efforts. The City completed a substantial amendment during the program year to contract with the Lorain County Urban League for additional fair housing training in the community, outreach and support.

The City leveraged \$1,518 in CDBG funds for the 2019 CHIP program year to date. The CDBG program continues to assist the NSP1 as needed.

The City also assisted the local housing authority by providing organizational support. A new affordable housing project, Bridge Pointe Commons, began construction in 2020. The project will provide 62 unit residential affordbale housing units with enriched services for individuals struggling with homelessness. The support of local agencies that assist with homeless and other special needs activities support the Consolidated Plan goals and objectives.

Lastly, the City worked with New Sunrise properties to encourage and support the development of proposed affordable senior housing located in a Community Reinvestment Area. The agency is able to utilize this support on applications for funding. New Sunrise & PIRHL Developers were notified in 2017 the funding application submitted to OHFA was approved. Construction continued in 2020 for this project.

# **CR-20 - Affordable Housing 91.520(b)**

Evaluation of the jurisdiction's progress in providing affordable housing, including the number and types of families served, the number of extremely low-income, low-income, moderate-income, and middle-income persons served.

|  | One-Year Goal | Actual |
|--|---------------|--------|
| Number of Homeless households to be      |               |        |

| Number of households supported through |   |        |
| Acquisition of Existing Units          | 0                                       | 0      |
| Total                                  | 10                                      | 19     |

Table 6 – Number of Households Supported

# Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

The City completed the rehabilitation of 19 owner occupied housing units through the CDBG program in 2020. The home repair program will correct one-two health or safety hazards to owner-occupied single family structures. The City also participated in the CHIP program (funds were awarded in 2019). The CHIP program provides full rehabilitation to owner-occupied single family homes with multiple health/safety/code issues that need to be addressed. Since the inception of the 2019 CHIP funding, the City completed four private owner rehabilitations and has additional rehabs in process. The City

anticipates completing a minimum of nine projects to satisfy the program requirements prior to the end of the grant period. The City surpassed its benchmark for the 2020 program year. In 2018, the income limits were raised from 50% to 80% to reach out to more households. Since the increase, the program is exceeding goals on an annual basis.

The home repair program was temporarily on hold in 2020 as a result of the Covid-19 pandemic. Although there was a temporary hold, program goals were still met.

# Discuss how these outcomes will impact future annual action plans.

The City recognizes there is a need for safe, decent, affordable housing. The City will continue to fund rehabilitation activities with CDBG and continue to apply for grants that address housing stock in the community.

The program historically assists a minimum of ten (10) single family homes each grant cycle. As a result of expanding the income limits, it is expected the minimum anticipated amount of home repairs may be increased in future plans.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

| Number of Hou   | seholds Serve                           | ed 💮         | CDBG Actu | ıal | HOME Actual |

Table 7 – Number of Households Served

# **Narrative Information**

The City expended 24% of its 2020 available CDBG funds on the housing rehabilitation activity.

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c) Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

Although homelessness is a priority in the Consolidated Plan, it is listed as a lower priority and may not be specifically funded with CDBG. However, the City has a commitment to assist with homeless needs primarily served through social service organizations and the local housing authority. The local Continuum of Care system is comprised of three essential elements along with a prevention strategy. The three elements are Emergency shelter/assessment, Transitional Housing with social services, and permanant supportive housing. The City does not receive funding directly for these services; however, the various agencies represented in the local CoC continue to address homelessness and reach out to those affected.

# Addressing the emergency shelter and transitional housing needs of homeless persons

The Lorain County Homeless Task Force includes representatives from various continuum of care agencies. The group reviews funding opportunities and communicates homeless needs not only to Elyria, but the County as a whole. The City will provide support to various agencies through application planning and other coordination efforts as requested. Regular meetings, point-in-time counts, housing and supportive committees as well as advocacy are utilized to help support need.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

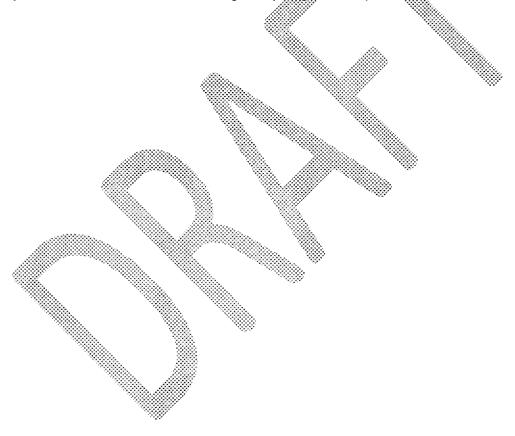

The City assists individuals with preventing homelessness by providing an emergency home repair program on an annual basis. The program offers assistance for the repair or replacement of items such as heat, roofs, broken water lines, hazardous electrical conditions, ADA modifications or other health or safety needs that need to be addressed to keep an individual in their home.

In 2020, additional CDBG funds wwere provided to respond to the Covid-19 pandemic. As a result of the pandemic, many households were experiencing difficulty with making utility and rent/mortgage payments. A portion of the CDBG-CV funds were used to assist individuals in need of subsistence

payments.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

Elyria supports various agencies that provide assistance to helping homeless persons. Fair housing information and training is provided to persons upon request of agencies and/or individuals. The City also reviews plans such as the housing authority's five year plan to certify consistency with Elyria's goals and objectives. Resources are shared among multiple agencies to provide assistance to individuals.

# CR-30 - Public Housing 91.220(h); 91.320(j)

# Actions taken to address the needs of public housing

The City of Elyria provided the Lorain Metropolitan Housing Authority with information on the Consolidated Plan process and they requested our input on their planning efforts. The local housing authority was a member of the City's 5 year Consolidated Planning efforts. The City assisted the HA with review of their 5 year Capitol Loan Fund Program and determined its compatibility with the City's 5 year Consolidated Plan. The City works with LMHA to provide safe, affordable housing in the City limits and is willing to provide scattered sites for housing development by means of NSP landbanked properties.

# Actions taken to encourage public housing residents to become more involved in management and participate in homeownership.

The City supports LMHA's efforts to increase management and efforts of public housing residents to participate in homeownership. LMHA continually receives feedback from participants in the programs in an effort to improve programming. LMHA maintains an HCV program (homeownership program). As the need arises, LMHA and the City will collaborate on funding sources: Further, LMHA works to improve outreach to residents regarding the Section 3 program and establish job creation goals for participants to increase employment.

# Actions taken to provide assistance to troubled PHAs

The Lorain Metropolitian Housing Authority is not considered a "troubled" PHA.

# CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

The City continually reviews local ordinances and practices that may have negative effects or serve as barriers to affordbale housing such as zoning, building codes, fees, etc... In program year 2016, the City passed a resolution authorizing the Mayor & City Engineer to pursue noise abatement by the Ohio Turnpike. An ordinance was passed for a local CRA district to allow the new construction of low income senior housing. Fees schedules are reviewed and amended accordingly.

# Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

The City of Elyria supports affordable housing programs, including rental projects that utilize the federal Low Income Housing Tax Credit Program. As stated above, the City amended a local CRA ordinance to allow for New Sunrise Properties to construct a housing development for senior citizens in which funding was received through OHFA in 2017. The City also removed building permit fees for the project to alleviate additional cost. The project began construction in 2018.

Bridge Point Commons, a 62 unit affordable, service enriched housing began construction in 2020. The local housing authority will provide program based vouchers to the residents.

The City also continues to review property through its Neighborhood Stabilization Program Committee and determine if particular properties in foreclosure can be used for future redevelopment. The elimination of blight in underserved areas will help to stabilize the community and further address health and safety hazards in target areas.

# Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

In an effort to reduce lead-based paint hazards, the City provides recipients of home repair and rehabilitation funds literature to educate homeowners on the risks of lead based paint and how to help remediate problems. Further, the City follows all local, state, and federal regulations to address LBP, when applicable, with repairs/rehabs to homes. The Lorain County Health District also follows up on properties that have known hazards. The Community Development Department also makes available to all residents LBP literature, including but not limited to, distributing flyers/brochures at local events, throughout City Hall and to all subrecipients to have available to their clientele.

The City conducts lead-risk assessments on all CHIP projects. Should a report identify lead, the lead will be addressed in accordance with applicable laws.

# Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

In addition to direct assistance to low-moderate income households on an annual basis, the City reaches out to local non-profits and social service agencies to apply for CDBG funds through a competitive process. The City allocates a portion of the CDBG funds to agencies that provide services to low income persons. Through public service activities that serve the youth and disabled, families are provided assistance that encourage growth and development. In 2020, funds were provided for child care and programming.

Employment training was also provided to residents who lost employment or could not obtain employment as a result of Covid-19. A collaborative effort was also conducted with CDBG-CV funds to help reduce the technological divide many people experience. The program was successful for participants and will continue into the 2021 calendar year.

# Actions taken to develop institutional structure. 91.220(k); 91.320(j)

Most current "gaps" in the institutional structure stem primarily from inadequate funding and staff resources at local agencies. The City of Elyria cannot address these types of problems.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

Overall, existing housing, social service, mental, and other health care resources are well used and coordinated. This is in part due to the size and capacity of the City of Elyria and Lorain County. We are small enough that communication and referrals do take place. Umbrella groups have provided an opportunity to meet and educate one another on our prospective programs.

Identify actions taken to overcome the effects of any impediments identified in the

# jurisdictions analysis of impediments to fair housing choice. 91.520(a)

Zoning & Site Selection: In 2020, the City continued to support the Cottages at Riverview. The Cottages at Riverview is an affordable housing development that includes mixed income. PIRHL Developers and New Sunrise, a 501 (c) 3, applied for Ohio Housing Trust Fund Tax Credits. Unfortunately, the project was not awarded funding in 2016; however, they reapplied for the 2017 calendar year and ultimately were awarded funding. As a result, the City worked with the non-profit and developer to amend the Community Reinvestment Area agreement to allow more time for project commencement and wrote letters of support to various agencies. The project site is located near the Downtown area which is undergoing multiple infrastructure improvements as part of a revitalization effort. Neighborhood Revitalization: As noted in the report, the City adopted a plan in 2015 for economic development. As part of the economic development plan, the City intended to focus on prioritizing Middle Ave. improvements, increase resident involvement, decrease crime and prioritize youth activities. In 2016, the City completed the Middle Ave. project which involved the reconstruction the roadway, curb ramps, median and lighting. Improvements were continually being assessed for the area in 2020. Activities for the youth, at risk groups, neighborhood sidewalks and infrastructure in the LMI areas were prioritized during the 2020 CDBG citizen participation process, which occurred in 2019 as well as during the 2021 citizen participation process, which occured in 2020. Municipal & Other Services Employment-Transportation-Housing Linkage: Sale of subsidized Housing & possible displacement: Relocation did not occur in 2020. The City abides by the Uniform Relocation Act & Real Property Policies Act. Community Development staff worked with LCCAA and other municipalities at a homebuyer training education course where information was presented on fair housing, landlord/tenant law and lending practices. The Community Action Agency provides homebuyer education courses to tenants as part of an effort to assist with homeownership Planning & Zoning Boards: The City continually reviews its planning and zoning ordinances to maintain compliance with the Fair Housing Act. Building Codes: The City has adopted and abides by the latest State Building and Property Maintenance Codes.

Community Development receives fair housing/landlord tenant calls and documents the information on a database. Fair housing information is provided to local non-profits and social service agencies for clients. Fair housing information is also provided to all persons receiving assistance through Community Development Department and distributed at various locations throughout City Hall. The City typically provides Fair Housing trainings throughout the year as well as distributes informational material to the general public and at-risk persons. Unfortunately, due to the pandemic, trainings were not consistently held. In response, a substantial amendment was completed during the program year to increase fair housing training efforts in collaboration with the Lorain County Urban League. The effort will continue into the 2021 program year.

# CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

The City recognizes that monitoring of the activities carried out in this plan must be completed on a regular basis in order to ensure statutory and regulatory requirements are being met. Further, it is critical to confirm that information being reported to HUD through such mechanisms as IDIS is correct and complete. The Office of Community Development prepared all performance reports and performed monitoring in 2020. Subrecipients of CDBG funds are monitored through receipt of invoices and supporting documentation. The Community Development Department evaluates through quarterly reports, beneficiary forms, and various supporting documents that subrecipients are carrying out activies as described. The monitoring is as follows:

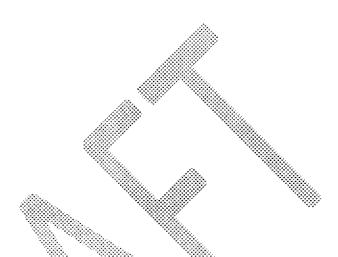

Actions to Be Taken to Monitor Performance and Steps/Actions to Ensure Compliance and Timeliness:

- The City performs a monitoring visit during the program year and at close out. Due to the
  pandemic, on-site monitorings did not occur in 2020. Desktop monitorings are scheduled in
  2021.
- The IDIS system will be updated annually.
- The City of Elyria maintains complete and accurate program and financial records for its CDBG and CHIP programs in compliance with audit and monitoring requirements. Internal CDBG and CHIP financial records are updated on a monthly basis to monitor expenditure levels and progress.
- The Consolidated Annual Performance and Evaluation Report (CAPER) is prepared annually for HUD review of the CDBG program. This is also used to monitor progress on strategies in both the one-year and five-year plans. The CAPER will be made available to the public. These reports will assist in determining whether or not changes need to be made in the Five-Year Plan and in the development of the one-year updates. As required, timeliness on draw-downs is checked two months prior to the end of the program year.

# **Subrecipient Monitoring Procedures:**

- The City will require that all subrecipients submit full documentation (copies of invoices paid, time sheets, checks, etc.) for all transactions for which they request reimbursement. This will provide the City with a complete set of records in its office rather than a random sampling.
- Each subrecipient will be monitored on-site every year to verify that the documentation submitted for reimbursement are true copies of original records, and that the activities funded are actually underway. The subrecipient will be notified in advance of the monitoring visit.
- · Subrecipients will be required to submit an annual report to the City on their programs,

- providing data and information on successes, problems, etc. and financial information.
- The City may randomly confirm financial documentation with banks and vendors such as statements and invoices.
- Subrecipients will be required to complete the City's "Subrecipient Monitoring Questionnaire" to confirm that internal monitoring and controls are in place.

# Citizen Participation Plan 91.105(d); 91.115(d)

Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

The City makes performance reports available to citizens. The CAPER is advertised in local media sources and is available for public viewing on the City's website and at City Hall. The City allows an estimated 15-30 days for public comment prior to the submission of the CAPER to allow adequate time for review and comment. The performance report monitoring report received from HUD after the CAPER submission is presented at the first public hearing for the following CDBG program year.

Further, all quarterly reports for NSP are available on the City's website.

# CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?

No

[BEDI grantees] Describe accomplishments and program outcomes during the last year.

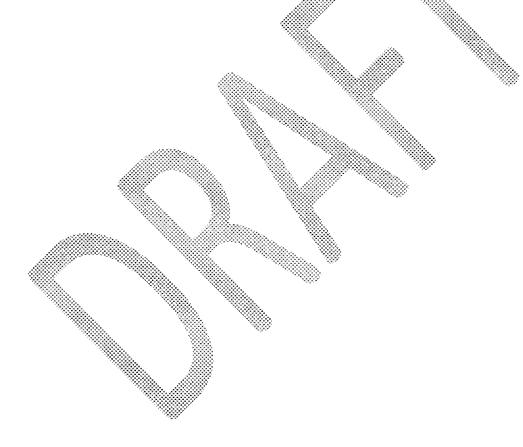

# CR-45 - CDBG 91.520(c)
